LOSH Working Safely

Why is it important to take our IOSH Working Safely Course?

Do you know how to introduce working safely? Do you know a hazard and risk is? Can you identify common hazards that are in your workplace? Do you know how to improve safety performance within your workplace?

Well, if not, you're in luck. Our online IOSH Working Safely training course answers these questions and much more, ensuring that your staff know about the importance associated with working safely within your workplace.

What is the benefit of IOSH Working Safely training to your business?

- Our IOSH Working Safely Course is for anyone who works or lives in the UK. This course will offer your staff effective and detailed Health and Safety training to help them become aware of their responsibilities of working within health and safety legislation. The training is suitable for private and public sector companies, including community homes (care homes) and other organisations in the healthcare sector. The training is also suitable for personal use.*

IOSH Working Safely – 1.1: Why is it Important to Work Safely

There is no reason why people should get hurt or develop ill health at work. Your understanding and co-operation are essential to your organisation's responsibility to keep people safe. It makes sense, it's the right thing to do and in many countries, it's the law!

Interactive games.

Final exam - certificates provided.
